OF INTEREST TO ALL VOTERS OF NYE COUNTY

PLATFORM ADOPTED BY REPUBLICANS SHOULD BE READ BY ALL VOTERS

The platform of the republican candidates of Nye county as drafted several weeks ago, should be carefully read by all voters of this county. It contains food for thought, especially that part pledging the legislative candidates to labor for certain measures. For the benefit of those who have not read the platform it is reproduced herewith in full:

The republican candidates of Nye county assembled in convention, pursuant to the provisions of the primary law, offer no program that is not bulwarked with performance; makes no promises but what are for the interest of the tax payers and property owners of this county.

The past four years of republican rule in this nation has been such that we again give our hearty endorsement to the platform and candidates presented by the national republican convention. Never has the country been confronted with such problems and situations as have arisen during the last four years, and never have such problems been handled with such skill and courage. President Taft has demonstrated his fitness for the office he now holds, and for which he is a candidate for re-election, and though assailed by agitators and decried by theorists, the condition of the United States today is a tribute to his performance of every duty demanded.

The state republican platform and candidates likewise receive our unanimous endorsement.

Retrenchment in State Offices
We pledge our legislative candidates to the enactment of a measure reducing the expense of the state government to conform with the revenues of the state and prevent the further issuance of bonds to meet the deficit in the general fund.

The State Bank Receivership
We pledge our legislative candidates to secure an investigation into the affairs of the long defunct State Bank and Trust company. There are hundreds of people in Nye county who lost their savings in this institution and who are not able to secure a proper report showing the results of the receivership.

Republican national, state, county and township officers who are deserving of the support of the Nye county voters.

assets of the bank. Repeated requests have met with silence on the part of the receiver in charge and we pledge our legislative candidates to work for the passage of a resolution through both houses of the legislature, securing the appointment of a committee to conduct a public investigation of the affairs of the bank.

Good Roads

We pledge our county and legislative candidates to adopt every means whereby the roads of this county will be repaired and new thoroughfares constructed. We recognize that good roads mean that hundreds of tourists will pass through our county, and within the next few years thousands of motor driven machines will cross the continent. It is within the power of southern Nevada to provide a feasible route for the travelers, and we pledge all our candidates to secure the enactment of a proper measure that will insure the construction of a transcontinental route through Nye county.

Primary Election Law

We pledge our legislative candidates to the enactment of sweeping amendments to the present primary law, which in its self is nothing short of farcical. We favor such amendments that will prohibit voters from flocking from one standard to another without a declaration of their political faith. We believe in the sanctity of the ballot and urge that secrecy be continued, but are opposed to the present construction of the primary law that allows fraud being perpetrated.

Free Text Books

We pledge our legislative candidates to labor for the passage of a measure providing for the furnishing of free text books by the state to

BRIEF HAPPENINGS OF NATIONS CAPITOL RELATED BY LETTER

(By United Press)

WASHINGTON, Oct. 10. — A remarkable decline in the number of protestant ministers graduated from the universities of the country is shown in a current report of the U. S. bureau of education.

"It is plain," says the report, "that educated men no longer seek the cloth as they did when the nation was younger. It may mean much or little that the percentage of ministers among the graduates of typical colleges has declined from 60 to 70 per cent to less than 10 per cent."

An examination of the figures collected at the close of the nineteenth century from 37 representative colleges discloses the fact that the ministry takes between 5 and 6 per cent of the university graduates, which marks the lowest point for that profession during the two and one-half centuries of American college history. Between the years of 1896 and 1900, only 865 students were graduated from 37 representative colleges and universities, or 5.9 per cent of the total number graduated, which was over 14,478.

A strenuous hike of 76 miles at a stretch without sleep or extended rest, and every man and horse in the pupils attending our public schools.

perfect condition, was the rare feat which Troop G of the fifth U. S. cavalry, on duty in Honolulu, P. I., recently accomplished. War department officials here say theirs is the record for the army in the islands and it has caused much favorable comment in service circles.

The troopers marched all night, being halted at intervals of about three hours to allow horses to graze for about 15 minutes. The men, who were on the journey 19 hours, took only two sandwiches apiece and a canteen of cold coffee. The results of the march show, officials in charge of the forces on the islands say, that the soldiers are in the best of condition and are fit for the hardest test should they be called on to make it.

Leaders in a new movement known as the "Sea Scouts" are trying to interest navy department officials in the work of the organization which originated in Boston this summer. The idea of the Sea Scouts as explained to the department is closely allied with the Boy Scout movement, but teaches and practices at sea mainly traits that are taught the Boy Scouts in the field. In effect the organization forms the maritime section of the Boy Scouts of America, and is under the charge of Captain DeWitt Coffman, U. S. N., commanding the Boston navy yard, Lieutenant W. R. Furlong, U. S. N., commanding the U. S. S. Chicago, and A. A. Carey of Boston.

An officer of the navy connected with the new movement says that by reason of the life the Sea Scouts must lead, and the various duties they must perform, together with the pleasures the water offers, the movement is expected to afford in some respects a much better opportunity for imparting and practicing the many virtues than even the Boy Scout movement does. Organizers of the Sea Scouts expect the activities to extend to other cities along the Atlantic coast in the course of a few years.

At Boston a schooner has been fitted up with berths for 20 boys for cruises of two weeks for each lot. The lads are from 14 to 16 years of age, and it is they who man the schooner and sail her. A responsible man of excellent character and seamanlike qualities is the captain. Discipline, cleanliness and etiquette are

attained by conducting the routine on board the schooner in a strictly mon-o-war fashion.

Reports of a new record in excavating have just been received at the isthmian canal commission, showing the highest monthly steamshovel record since the beginning of American operations on the isthmus. Engineer J. H. LaRowe of steamshovel 257, working in the west borrow-pit of Gatun dam, excavated during the month August a total of 86,344 cubic yards of earth and rock. A total of 3,433,353 cubic yards of earth in what is known as wet and dry excavation, was removed during the month of August. An average daily force of 18,690 men is maintained at present on the canal.

SANCTUARY DANCE TO BE AT K. C. HALL

It was announced in the Bonanza several days ago the ladies of the Sanctuary society would give a dance Monday night at the Nevada theater. The naming of the Nevada theater as the place where the affair will be held was an error, as the function is scheduled to take place at the Knights of Columbus hall.

DEMOCRATS APPOINT MEN TO VACANCIES

In session at 2 o'clock yesterday at the Reno headquarters the executive committee of the democratic state central committee appointed John H. Cazier of Star valley, near Wells, Elko county, to succeed the late E. A. P. Johnson as presidential elector. Mr. Cazier was considered at the Fallon convention, and in accordance with the sentiment that the man be from Elko county, he was duly appointed. He has given fine stock to the University of Nevada on several occasions.

HARMON IS COMING

SAN FRANCISCO, Oct. 10.—Governor Judson Harmon and his suite are due here late today to choose a site for the Ohio state building at the Panama Pacific international exposition in 1915. The Ohio State society will entertain the party.

CALIF. STATE REALTY ASSOCIATION MEETS

LOS ANGELES, Oct. 10.—The California State Realty federation met this morning and will hold a business session this afternoon.

DON'T KNOW THEY HAVE APPENDICITIS

Many Tonopah people have chronic appendicitis (which is not very painful) and think it is just bowel or stomach trouble. Some have doctor for years for gas on the stomach, sour stomach or constipation and the Tonopah Drug company states if they will try simple buckthorn bark, glycerine, etc., as compounded in Adler-ika, the German appendicitis remedy, they will be surprised at the QUICK benefit. A SINGLE DOSE stops these troubles INSTANTLY.

---how much Is A "Regular Customer" Worth to Your Store?

Suppose you could BUY 100 additional REGULAR CUSTOMERS during the next week or two—customers who, for years and years to come, would make a MAJORITY of their purchases of goods in your line at YOUR STORE?

What would each of these 100 customers be WORTH to you?

It is, we think, quite likely that if such an investment were possible, you'd eagerly pay TWICE AS MUCH as it would cost you to secure these 100 REGULAR CUSTOMERS through an advertising campaign big enough and aggressive enough to really make people ACQUAINTED with your store!
